Illuminated Journeys and  
Calvary Baptist Church  
May 4 – 14, 2021

The Alhambra Palace in Granada

This pilgrimage explores the “Golden Age of Spain.” From the 10th to the 12th centuries, Andalusia, known in those days as “The Ornament of the World,” was renowned as a cultural and intellectual center where Jews, Muslims and Christians all contributed to a shared and unique culture.

### Some highlights include:

- The ancient cities of Sevilla, Cordoba and Granada
- UNESCO World Heritage Sites
- Exploring a cave with 20,000 year-old rock paintings
- A stop at the birthplace of Classical Guitarist Andres Segovia.
- The unique beauty of the Mediterranean coastline
- Distinctive Spanish food and wine culture
- Interesting local leaders and professional guides
- 12 olive oil farms still create oil using ancient methods. We'll visit one of those.

This journey will be accompanied by Brad Berglund, experienced travel organizer and pilgrimage guide, and Anne Scalfaro, Senior pastor of Calvary Baptist Church.

Join us for an explorational meeting on  
**Sunday, February 2, 2020**  
following Worship.
